LPA News - NVD Price Rise

Livestock producers are advised that the price of National Vendor Declarations (NVDs) will increase in July.

From 1 July 2009, the price of NVDs will be as follows:

Description	Unit Size	Price (GST Inclusive)	Equivalent price per form (GST Inclusive)
Hard Copy NVDs	Booklet of 20 NVDs	\$35.00	\$1.75
Electronic NVDs (Producer)	Bundle of 20 tokens	\$21.00	\$1.05

For fast and efficient processing of NVD orders, producers are encouraged to place their orders online (www.ausmeat.com.au/lpa/Login.aspx) and to have their credit card details at hand.

Producers are also encouraged to take advantage of the significant cost savings (40% discount) available through the use of the electronic NVDs via the **Producer eDEC** program. Electronic NVDs are available for Cattle, EU Cattle, Sheep, Goats and Bobby Calves. To register for the **Producer eDEC** program, login to your LPA User profile and select the **Producer EDEC** button and then follow the prompts.

Note: The cover price of Sheep NVDs (hard copy and electronic) is being funded from sheep and lamb industry reserves in accordance with current Sheepmeat Council of Australia (SCA) policy.
